LED FLEX-NECK DAY/NIGHT LIGHT W/ USB
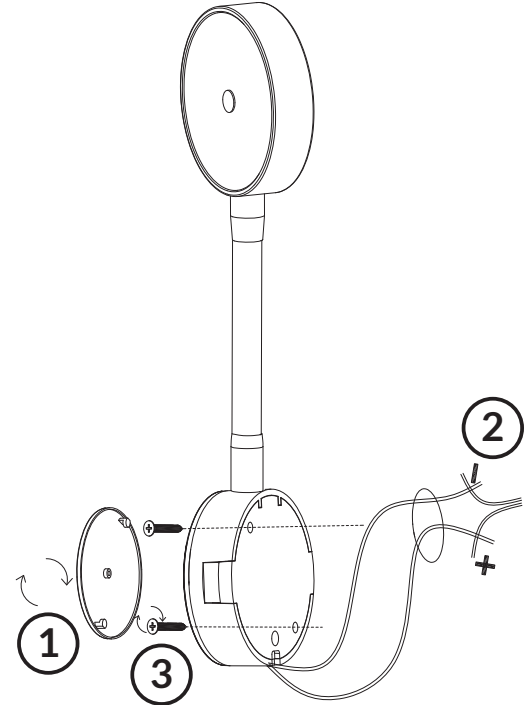

BUILT-IN TOUCH ON/DIM/OFF SWITCH
404939-3

Assembly Instructions

1. Remove the face plate by rotating clockwise to reveal mounting holes.
2. Connect the positive and negative power wires and test the light to make sure everything is working. Then thread the power wires through the hole.
3. Install base to desired location with two #6 FH fasteners. Reinstall face plate by rotating counterclockwise until secure.

How To Use

Touch the center button to switch between red, white, and off. Continue to touch button to activate dimmer. When turning on and off, the light will remember the last brightness setting you selected.
